

**INTERNATIONAL**

## INVITED SESSION SUMMARY

**Title of Session:**

Smart Education: Development Models, Technologies, and Social Issues

**Name, Title and Affiliation of Chair:**

Prof. Shyan-Ming Yuan - National Yang Ming Chiao Tung University, Taiwan

Associate Prof. Li-Xian Chen - Fuzhou University of International Studies and Trade, China (co - Chair)

**Details of Session (including aim and scope):**

The new generation of digital natives presents diverse learning modes in various digital learning fields. The development of more smart education will foster their innovative thinking and methods. This trend involves the intersection of the digitalization of the sciences and the humanities and social sciences.

This session includes research papers in the following research areas, but are not limited, to:

- Digitalization of smart education in arts and humanities disciplines
- Digital approaches in new inter-disciplines
- Social issues of learning motivation in the post-epidemic era
- Innovative teaching methodology and assessment for smart education
- Smart education system/methods combined with AI or machine learning
